

Hp Up & Health

How to get more than just the 16HP / 8 Hearts you start with

Level Up HP is a mod that adds RPG style HP upgrades.

As you kill mobs, you gain HP XP, which eventually gives you HP Levels, which give you additional hearts of health.

The HP Up XP bar is placed just below your XP bar on your hot bar. Filling it gives you 1 heart. If you already have a full row, it is stacked on top of the existing hearts with a different color scheme.

The max number of Hp Up Levels is 25- giving you 50 HP or 25 hearts.

Heart Containers are from the mod [Cyclic](#). Eating one gives you 1 Heart.

The max amount of hearts you can eat is capped at 20

This gives you 40 Hp or 20 hearts.

Without any HP adding qualities or [enchancements](#), you cap at 106 HP or 53 hearts
